Course Description

Developing high quality assessments to evaluate achievements of desired skill sets for future practice is important in medical / health professional educational programs. This will ensure practice readiness as well as patient safety.

The workshop will explore contemporary best evidence practices in developing multi-station clinical assessment.

The participants will get opportunities to discuss the strengths, limitations and challenges as well as hands-on training developing these clinical skill assessments.

After this workshop participants will be able to:

- discuss the underpinning educational theories behind skills based assessment
- develop competency standards for pass/fail decisions
- develop a skills station based on best practices
- apply skills learnt to one’s own practice environment

Assessment of Practical / Clinical Skills:
Multi-Station Examinations

15th July 2015 (Wednesday) 8.30am – 5.30pm

#01-01A, Level 1, Centre for Translational Medicine (CeTM)
Block MD 6, 14 Medical Drive, Yong Loo Lin School of Medicine
National University of Singapore

Registration Fees
