Effective Course Design for Health Professional Education

Feedback from past participants...

“The enthusiasm, expertise and rich experiences of all the facilitators.”

“Enjoyed all aspects of the workshop.”

Course Description

Why is an effective course design essential for the education of medical and health professional students in the 21st century? An outcome-based approach is now strongly advocated for designing the course curriculum for medical and health professional education. Current trends, issues and challenges in curriculum development and the teaching-learning process in medical education will be reviewed, including the need to reappraise our roles as content experts in the education of medical and health professional students in the 21st century.

Best evidence medical education (BEME) will be applied in all discussions. The course description is posed as questions to provoke participants to reflect on the issues we have raised and also to encourage participants to continue to engage in further discourse with other colleagues, especially after completing this course.

We hope that through this process of sharing and learning together we can build a community of learners and scholars who will contribute to our common mission of delivering effective healthcare to our nation through the education of bright, young and nimble minds.

Topics To Be Covered

- Designing an Undergraduate Medical / Health Professional Curriculum for the 21st Century
- Identifying and Formulating Learning Outcomes
- Selecting Relevant Course Content
- Designing Effective Learning Strategies for Students in the 21st Century
- Enhancing Capability and Development of Faculty Beyond Just Content Expertise

Lead Faculty

Dujeepa Samarasekera
Director, CenMED
NUS Medicine
National University Health System

Facilitators

Matthew Gwee
Professional Fellow & Chairman of International & Education Programmes
CenMED
NUS Medicine
National University Health System

Koh Dow Rhoon
CenMED Associate
Associate Professor,
Dept of Physiology
NUS Medicine
National University Health System

Lee Shuh Shing
Medical Educationalist, CenMED
NUS Medicine
National University Health System

Nigel Tan
Associate Professor,
Dept of Emergency Medicine
National University Health System

Michael Wan
Head of Basic and Clinical Science
Domain, School of Medicine,
University of Notre Dame,
Australia

Registration Fees

NUHS STAFF - S$240*
(Including staff on clinical faculty/adjunct scheme)
Others - S$262*

*Fees are inclusive of GST
Registration is on a first-come-first-served basis

To register, please go to:
http://medicine.nus.edu.sg/cenmed/wsreg/
Phone: (65) 6516 1522 / 6516 2332
Fax: (65) 6872 1454

*Closing date of registration: 1 March 2019

Safeguarding the health and safety of all participants is of utmost importance to CenMED. All activities will be conducted in accordance with relevant guidelines.
