Leading and Managing in Medical Education (Advance)

Course Description
Workshop expands the concepts covered in the basic program to achieve the following outcomes:

1. relate the principles of leadership to one’s own educational practice
2. explain how a leader motivates others to achieve their maximum potential
3. analyse how leadership styles impact on the quality of output and outcome of a task
4. apply sound problem solving and decision making approaches as a leader in a medical education setting.
