

NUS • Cambridge

Joint Symposium 2014

Infection and Immunity

SPEAKERS

Welcome and Opening Address

- Mr Antony PHILLIPSON,
British High Commissioner to Singapore
- Associate Professor YEOH Khay Guan,
Dean, Yong Loo Lin School of Medicine
- Professor Kenneth SMITH,
Head, Department of Medicine,
University of Cambridge

University of Cambridge

- Professor Yorgo MODIS
- Professor Sharon PEACOCK
- Professor Lalita RAMAKRISHNAN
- Professor Kenneth SMITH

NUS

- Associate Professor Thomas DICK
- Professor FU Xin-Yuan
- Professor Nicholas GASCOIGNE
- Associate Professor Paul MACARY
- Professor Paul TAMBYAH

Additional Note:

We invite all research students to submit abstracts of their works on infection and immunity. These will be reviewed and selected for poster presentation and discussions. Please contact Sharon Wok (sharonwok@nus.edu.sg) for more information.

The **Infection and Immunity** Symposium will gather the thought leaders from the Yong Loo Lin School of Medicine, National University of Singapore and the School of Clinical Medicine, University of Cambridge. This is our third annual joint research meeting.

The topics this year include the control of signal pathways in immunity, the use of Zebrafish as predictive models for human development and disease, insights into Mycobacterium tuberculosis, current microbial genomics and clinical diagnostics. We will have updates on developments in the drug engineering of drugs to combat infections.

More important, this symposium is a platform to cultivate cooperation between the researchers and students of our two schools.

Date, Time: 31st October 2014, 8.30am – 5.30pm

Venue: CeLS Auditorium,
Level 1, Centre for Life Sciences, 28 Medical Drive,
Singapore 117456
