

Celebrating 90 Years of Excellence In Microbiology & Immunology “Our Achievements, Vision & Future”

Scientific Meeting

Friday, 30 October 2015

8:30am – 3pm

Peter and Mary Fu Lecture Theatre LT35, MD6, Level 1

KEYNOTE SPEAKERS

*“Thoughts on the Unfinished
Agenda of Infectious Diseases”*

Prof Barry Bloom,

Member of National Academy
of Sciences

Harvard University Distinguished
Service Professor and Joan L.
& Julius H. Jacobson Professor
of Public Health

*“Emergence and Pathogenesis
of Zoonotic and Pandemic
Influenza”*

Prof Malik Peiris,

FRS

The University of Hong Kong
Li Ka Shing Faculty of Medicine

FEATURED SPEAKERS

*“Infection and Immunity - from
the Host/Pathogen Interface to
Experimental Therapies”*

A/Prof Paul MacAry

Dept of Microbiology and
Immunology, NUS

Leader, LSI Immunology Programme

*“Influenza Clinical Research
in NUS - A Personal
Perspective”*

Prof Paul Tambyah

Dept of Medicine, NUS

*“Breakthroughs in Microbiology
Research at NUS: From Good
to Great”*

A/Prof Kevin Tan

Dept of Microbiology and
Immunology, NUS

Visit our website <http://medicine.nus.edu.sg/mbio/index.shtml> for full scientific meeting programme.

Organized by :

Department of Microbiology and Immunology
Yong Loo Lin School of Medicine

Friday, 30 October 2015

8:30am to 3pm – Scientific Meeting

Peter and Mary Fu Lecture Theatre (LT35), MD6, Level 1

Scientific Meeting:

08:30 – 09:00 Arrival of Guests and breakfast

09:00 – 09:10 Introduction / Opening Address by Guest of Honour

09:10 – 09:15 Address by Professor Nicholas Gascoigne, Head of Department

Chair by Emeritus Prof Chan Soh Ha

09:15 – 10:05 “Thoughts on the Unfinished Agenda of Infectious Diseases”

Prof Barry Bloom, Member of National Academy of Sciences, Harvard University Distinguished Service Professor and Joan L. & Julius H. Jacobson Professor of Public Health

10:05 – 10:35 Coffee Break

Chair by Prof Mike Kemeny

10:35 – 11:20 “Emergence and pathogenesis of zoonotic and pandemic influenza”

Prof Malik Peiris, FRS, The University of Hong Kong, Li Ka Shing Faculty of Medicine

11:20 – 11:50 “Infection and Immunity-from the host/pathogen interface to experimental therapies”

A/Prof Paul MacAry, Dept of Microbiology and Immunology, NUS

11:50 – 12:20 “Influenza clinical research in NUS – a personal perspective”

Prof Paul Tambyah, Dept of Medicine, NUS

12:20 – 14:00 Lunch Break and Posters Session

Chair by A/Prof Vincent Chow

14:00 – 14:30 “Breakthroughs in Microbiology Research at NUS: From Good to Great”

A/Prof Kevin Tan, Dept of Microbiology and Immunology, NUS

14:30 – 15:00 Closing address by HoD

16:00 – Party @ MD4 (for staff and invited guests only)

Organized by :

Department of Microbiology and Immunology
Yong Loo Lin School of Medicine
