Positions Available for
ACADEMIC CLINICAL RESEARCHERS
Clinical Researchers • Clinical Trials Specialists • Clinical Epidemiologists

Several Tenure-track Faculty positions are available for motivated and dynamic OB/GYN specialists or other suitably qualified candidates. Successful applicants will be expected to play a key role in shaping the future of clinical practice in Obstetrics and Gynecology. Together with existing principal investigators, the candidate will advance the Department’s leadership in Clinical Research.

The Department is a tertiary care referral center with a national role in clinical care, research, and undergraduate and postgraduate teaching. Founded in 1905, it has an unrivalled research record in the Asia-Pacific region, having pioneered the clinical use of prostaglandins, ultrasound and in-vitro fertilization/assisted conception techniques in Asia. Staff is vigorously developing already strong research reputations in birth cohort studies, cell-based therapies, botanical drug discovery, reproductive pharmacology, early phase clinical trials, genomics, proteomics, molecular mechanisms of reproduction, early fetal development and reproductive cancer biology. Further details: http://medicine.nus.edu.sg/obgyn/

All faculty members are expected to be involved in teaching undergraduate medical students, postgraduate OB/GYN trainees, supervise graduate students and conduct research programs that generate external funding and intellectual output typical of that from a world class university. The exact mix of activities will be individualized. Besides appointments on normal 3-year contract, visiting appointments for one or two years may also be considered.

Qualifications
Clinical researchers with good academic track records are eligible. Candidates with basic medical degrees and/or MRCOG, FRACOG, FRCOG, American Board certification (OB/GYN) eligible for registration with the Singapore Medical Council are particularly encouraged to apply.

Salary
Academic rank and compensation will reflect your experience and training. For further details and applications please contact: Chair, Search Committee
