

# Medical Education Round

## *"The Art of Medicine Series"*

*Specially brought to you by*  
Medical Education Round Sub-Committee  
Medical Education Unit, Yong Loo Lin School of Medicine, NUS

**27 April 2007 (Friday), 7.30am - 8.30am**  
**Auditorium, National University Hospital,**  
**Level 3 Kent Ridge Wing**

### **"Art of Medicine - Beyond Pills and Injections"**

**Speaker: Clin Prof Low Cheng Hock**  
**Associate Dean, Tan Tock Seng Hospital**

**Chairman: A/Prof Roy Joseph**  
**Dept of Paediatrics, NUS**

As part of Medical Education Unit's continuing efforts to create awareness among academic staff in medical education issues, we are pleased to launch a new feature in our monthly Medical Education Round. To launch this new quarterly **"Art of Medicine Series"**, we are honored to have Clin Prof Low Cheng Hock share with us his views on the *Art of Medicine*:

- 1) Searching for total holistic care for our patients
- 2) Journeying together...on the road to medical excellence
- 3) The teaching-learning adventure - for better, not for worse
- 4) The clinician, the administrator, the nightingales etc. all for one...a common goal
- 5) Looking beyond pills and injections...to add years to life and life to years added
- 6) The 4 pillars - 4 "Cs" of healthcare:
  - good **C**ommunication skill
  - total **C**ommitment
  - **C**ompassion
  - **C**ommon sense

Some gems of thought to remember:-

- 1) "Before rainbow, there must be rain"
- 2) "Choose a job you enjoy doing and you will never have to work a single day of your life"
- 3) Using stones to build bridges not walls

**Buffet Style Breakfast will be served**

**All academic staff, medical, dental, allied health professionals, nurses and medical students are invited.**

**1 CME point will be accredited by SMC**
