

# Medical Education Round “The Art of Medicine Series”

*Specially brought to you by  
Medical Education Round Sub-Committee  
Medical Education Unit, Yong Loo Lin School of Medicine, NUS*

31 Aug 2007 (Friday), 7.30am - 8.30am  
Auditorium, National University Hospital,  
Level 3, Kent Ridge Wing

## “How to Manage Doctors Who May Be Smarter Than You”

**Speaker: Prof Kua Ee Heok**  
Head, Dept of Psychological Medicine, NUS

**Chairman: A/Prof Hooi Shing Chuan**  
Head, Dept of Physiology, NUS

We must not only attract talent but also foster an environment in which these doctors are inspired to achieve their potential. There will certainly be tension and conflict within department and hospital but if they remain insoluble, you will end up driving your talent away. In this talk Prof Kua shall explore an uncharted territory - terra incognita - on how such a milieu can be improved.

**All academic staff, medical, dental, allied health professionals,  
nurses and medical students are invited.**

**1 CME point will be accredited by SMC**

*“The Central Mission of  
medical education is to  
improve the quality of health  
care delivered by doctors and  
we must never fail to  
remember the central role  
played by patients as the  
ultimate recipients of our  
skills—what doctors do, and  
how and when they do it,  
depends on the quality of  
medical education. We need  
to get it right”  
(Bligh & Parsell 2000)*
