

Medical Education Round “The Art of Medicine Series”

*Specially brought to you by
Medical Education Round Sub-Committee
Medical Education Unit, Yong Loo Lin School of Medicine, NUS*

18 Jan 2008 (Friday), 7.30am - 8.30am
Auditorium, National University Hospital,
Level 3, Kent Ridge Wing

“Lessons Learnt - The Medical Experience”

Speaker: Prof Ong Yong Yau
Emeritus Consultant, Dept of Medicine, SGH

Chairman: Dr Tay Sook Muay
Senior Consultant, Dept of Anaesthesia & Surgical Intensive Care, SGH

The lecture hopes to cover the attitudes, attributes and values and other qualities needed for today's clinical practice. It will draw upon Oslerian tradition and show how much of which is still relevant to today's practice.

An attempt will be made to see how best these important teachings can be kept and also the barriers that might be encountered. A culture should emerge for all those involved in patient care if a tradition of excellence is to continue.

**All academic staff, medical, dental, allied health professionals,
nurses and medical students are invited.**

1 CME point will be accredited by SMC

For registration / enquiries, please contact Nicholas Wong at

*“The Central Mission of
medical education is to
improve the quality of health
care delivered by doctors and
we must never fail to
remember the central role
played by patients as the
ultimate recipients of our
skills—what doctors do, and
how and when they do it,
depends on the quality of
medical education. We need
to get it right”
(Bligh & Parsell 2000)*
