Phone: (65) 6516 8123

Fax: (65) 6872 1454

Closing date of registration:
7th May 2010

Course Outline

The course is designed to review current trends, issues and challenges in curriculum development and the teaching-learning process in medical education, including the need to reappraise our roles as content experts in the education of medical students in the 21st century.

Best evidence medical education (BEME) will be applied in all discussions. The course description is posed as questions to provoke participants to reflect on the issues we have raised and also to encourage participants to continue to engage in further discourse with other colleagues, especially after completing this course.

We hope that through this process of sharing and learning together we can build a community of learners and scholars who will contribute to our common mission of delivering effective healthcare to our nation through the education of bright, young and nimble minds.

Topics To Be Covered

- Designing an Undergraduate Medical Curriculum for the 21st Century
- Designing Effective Learning Strategies for Students in the 21st Century
- Enhancing Capability and Development of Faculty Beyond Just Content Expertise

Curriculum Design, Evaluation and Quality Assurance

8th to 10th June 2010 (Tuesday to Friday), 8.30am — 5.30pm

**Symposium Rooms 2 & 3, Clinical Research Centre (CRC),
Block MD11, 10 Medical Drive, Yong Loo Lin School of Medicine,
National University of Singapore**

Course Faculty

Matthew Gwee
Professorial Fellow
Department of Pharmacology;
Chairman of International &
Education Programmes,
Medical Education Unit
NUS Yong Loo Lin School of Medicine
National University Health System

Dujeepa Samarasekera
Deputy Head
Medical Education Unit
NUS Yong Loo Lin School of Medicine
