

7th SMEC Workshop on: Demystifying E-med I

SATURDAY, 20TH AUGUST 2011, 11.00AM - 12.30PM
Seminar Rooms 4B & 4C

Have you ever wondered what it is like to be part of the Emergency Department? Do you know what it takes to be a good emergency physician? The role of the emergency department is essential to the hospital and to the community at large, especially in times of disasters or epidemics such as SARS and H1N1. This puts the emergency physician at the frontline of a public health crisis, working with the SCDF and other relevant authorities.

This session will give medical students an insight into the life of an emergency physician, dispel various myths about the practice and provide a comparison of emergency departments in Singapore, UK, and US.

Facilitator

Dr Quek Lit Sin

*Head & Consultant
Emergency Department
Alexandra Hospital*

Registration starts on
11th August 2011
(first-come-first-served basis)

Closing date of registration:
15th August 2011
