

Ensuring Quality in Health Professional Education

Feedback from past participants...

"Productive Discussions"

"Very good presenters"

Course Description

Quality assurance and accreditation is important to assure that institutions and programmes meet threshold expectations of quality using a set of standards and improve education quality over time. Some common practices in quality assurance and accreditation includes a self-review by the institution or programme against the standards, an on-site visit by an evaluation team of peer experts and a subsequent review and decision by the accrediting body about accredited status. Hence, this workshop will cover the following:

- Quality Maintenance
- Quality Assurance
- Continuous Quality Improvement
- Accreditation

At the end of the workshop, participants should be able to:

- Apply the basic principles of quality maintenance at programme level
- Discuss and apply principles of continuous quality improvement at Institutional level
- Apply principles of quality assurance and accreditation in health professional education to one's own learning environment
- Evaluate challenges, limitations and ways forward for maintaining quality assurance system

Lead Faculty

Dujeepa Samarasekera
Director, CenMED
NUS Medicine
National University Health System

Facilitators

Gominda Ponnampuruma
Assistant Director, CenMED
NUS Medicine
National University Health System

Koh Dow Rhoon
CenMED Associate
Associate Professor,
Dept of Physiology
NUS Medicine
National University Health System
