

Scholarship of Teaching and Learning (SoTL) and Research in Medical Education (RIME)

Feedback from past participants...

"All lectures and discussions were performed with great energy and enthusiasm."

"Application of concepts taught in the practical session."

Course Description

Institutions responsible for the education of students must ensure that its education mission is optimally fulfilled together with its other missions such as research and service. In institutions of higher learning, the primary emphasis on mission fulfillment was heavily weighted on research and, consequently, the word **scholarship** was narrowly interpreted to include only activities focused on discovery of new knowledge through the research process. During 1990s, the late Boyer advocated a re-appraisal of and expanded the meaning of the word 'scholarship' which was further refined and now includes the scholarship of teaching and learning (SoTL). Scholarship of Teaching and Learning (SoTL) refers to the systematic, evidence-based study of teaching and learning and sharing with the wider community of peer reviewers, with the objective to enhance student learning through strengthened teaching practices. Today, in the 21st century, many institutions of higher learning recognise the scholarship of teaching and learning as a pathway to promotion and tenure in academia. However, to benefit from this, it is important to have a clear understanding of the demands and rigour associated with the achievement of the scholarship of teaching and learning

This workshop will provide an overview of SoTL and methods to conduct a SoTL project. Educational research methodology will be incorporated in this workshop.

By the end of the workshop, participants should be able to:

- Define and describe the concepts of SoTL
- Create a plan to conduct a SoTL project in healthcare professional education
- Evaluate the SoTL project developed
- Described the types of educational research methodology
- Apply the educational research methodology in planning for a research project

Lead Faculty

Dujeepa Samarasekera
Senior Director, CenMED
NUS Medicine
National University Health System

Facilitators

Lee Shuh Shing
Assistant Director, CenMED
NUS Medicine
National University Health System

Poh-Sun Goh
CenMED Associate
Associate Professor
Dept of Diagnostic Radiology
NUS Medicine
National University Health System

DATE : 4 August 2021, Wednesday

TIME : 9.00am - 3.30pm

VENUE: (Virtual Face-to-Face Session)

Registration Fees

NUHS STAFF - (\$204 + 7% GST) = S\$218.28
(Including staff on clinical faculty/adjunct scheme)

Others - (\$230 + 7% GST) = S\$246.10

Registration is on a first-come-first-served basis

To register, please go to:

<https://inetapps.nus.edu.sg/fds/>

Phone: (65) 6516 1522

Fax: (65) 6872 1454

***Closing date of registration: 4 June 2021**

SMC CME / CNE / CPE accreditation are being finalised

Cancellations received on or before 29 Mar 2021: Full refund (less off \$50 admin fee). Cancellations received between 30 Mar— 28 Apr 2021: Refund of 50% of the workshop fee. Cancellations received between 29 Apr—28 May 2021: No refund. Any cancellation or replacement must be conveyed in writing to the organiser. Registration can be only confirmed upon full payment. CenMED reserves the rights to change the date / timing / location etc.

Note for NUS Staff: This program is accredited with 1 elective hour by Centre for Development of Teaching and Learning (CDTL), NUS. For more details on CDTL accreditation, please contact Ms Doreen Thia at cdttyy@nus.edu.sg Fax: (65) 6777 0342
