ZOOM WEBINAR
27 AUGUST 2021, FRIDAY
7.30AM to 8.30AM

CME/CPE point will be awarded for attendance

Speaker:

A/Prof Nigel Tan

- Group Director, Education (Undergraduate), SingHealth

Chairperson:

Dr Ashokka Balakrishnan

- Consultant, Department of Anaesthesia, National University Hospital

Synopsis:

What are Communities of Practice (COP)? What COPs exist in healthcare? Are COPs relevant for us as health professions educators? How does the COP concept influence how we think about health professions education? A/Prof Nigel will attempt to answer these questions in an interactive Zoom session, with the key learning points for participants being understanding COPs, and the implications of the COP concept on health professions education, especially in the areas of curriculum, faculty development, and identity formation. Audience can also share their experiences interactively, and he also hopes to learn about the diverse COPs within the NUHS academic health system.
