

# EVALUATING QUALITY AND IMPACT OF HEALTH PROFESSIONAL EDUCATION PROGRAMMES

*Participants' Feedback:  
"Productive Discussions"  
"Very good presenters"*

## Course Description

Evaluating the impact and quality are important to assure that institutions and programmes meet threshold expectations set by funders, governing boards and professional organisations. Using a systematic approach to evaluate quality and use these to enhance the quality assurance and accreditation systems is critical in health professions education. Therefore this workshop will cover the following:

1. Program impact evaluation frameworks
2. Quality Assurance & Quality Maintenance systems
3. Apply the basic principles of program evaluation
4. Apply quality maintenance at programme level
5. Evaluate challenges, limitations and ways forward

## Workshop Objectives

At the end of the workshop, participants should be able to:

- Apply the basic principles of quality maintenance at programme level
- Discuss and apply principles of continuous quality improvement at Institutional level
- Apply principles of quality assurance and accreditation in health professional education to one's own learning environment
- Evaluate challenges, limitations and ways forward for maintaining quality assurance system

## Who should attend?

All Healthcare Professional Educators (doctors, dentists, pharmacists, nurses and allied health professionals) and administrative staff who teach, develop and manage education programmes are welcome to attend.
