

SCHOLARSHIP OF TEACHING AND LEARNING (SoTL) AND RESEARCH IN MEDICAL EDUCATION (RIME)

Course Description

Institutions responsible for the education of students must ensure that its education mission is optimally fulfilled together with its other missions such as research and service. In institutions of higher learning, the primary emphasis on mission fulfillment was heavily weighted on research and, consequently, the word **scholarship** was narrowly interpreted to include only activities focused on discovery of new knowledge through the research process. During 1990s, the late Boyer advocated a re-appraisal of and expanded the meaning of the word 'scholarship' which was further refined and now includes the *scholarship of teaching and learning* (SoTL). Scholarship of Teaching and Learning (SoTL) refers to the systematic, evidence-based study of teaching and learning and sharing with the wider community of peer reviewers, with the objective to enhance student learning through strengthened teaching practices. Today, in the 21st century, many institutions of higher learning recognise the scholarship of teaching and learning as a pathway to promotion and tenure in academia. However, to benefit from this, it is important to have a clear understanding of the demands and rigour associated with the achievement of the scholarship of teaching and learning.

This workshop will provide an overview of SoTL and methods to conduct a SoTL project. Educational research methodology will be incorporated in this workshop

Workshop Objectives

By the end of the workshop, participants should be able to:

- Define and describe the concepts of SoTL
- Compare and contrast SoTL and RIME.
- Create a plan to conduct a SoTL or a RIME project in healthcare professional education using appropriate methodology
- Apply the educational research methodology in planning for a research or SoTL project
- Evaluate the SoTL project developed

Who should attend?

All Healthcare Professional Educators (doctors, dentists, pharmacists, nurses and allied health professionals) and administrative staff who teach, develop and manage education programmes are welcome to attend.

Participants' Feedback:

"All lectures and discussions were performed with great energy and enthusiasm."

"Application of concepts taught in practical session."

14 September, Thursday

9:00am – 5:00pm

NUSS Kent Ridge Guild House
9 Kent Ridge Dr,
Singapore 119241

Registration Fees

NUHS Staff - (\$480 + Prevailing GST)
(Including staff on clinical faculty/adjunct scheme)

Others - (\$510+ Prevailing GST)

Registration is on a first-come-first-served basis

To register, please go to:
<https://inetapps.nus.edu.sg/fds/>
Phone: (65) 6516 1522
Fax: (65) 6872 1454

Registration Closing Date: 14 August 2023

Facilitators

Dujeepa Samarasekera

Senior Director, CenMED
NUS Medicine
