

EVALUATING QUALITY AND IMPACT OF HEALTH PROFESSIONS EDUCATION (HPE) PROGRAMME

Participants' Feedback:
"Productive Discussions"
"Very good presenters"

Course Description

Evaluating the impact and quality are important to assure that institutions and programmes meet threshold expectations set by funders, governing boards and professional organisations. Using a systematic approach to evaluate quality and use these to enhance the quality assurance and accreditation systems is critical in health professions education. This workshop will cover the principles of quality assurance and ways to apply them at the programme and institutional levels.

Workshop Objectives

At the end of the workshop, participants should be able to:

- Apply the basic principles of quality maintenance at programme level
- Discuss and apply principles of continuous quality improvement at Institutional level
- Apply principles of quality assurance and accreditation in health professional education to one's own learning environment
- Evaluate challenges, limitations and ways forward for maintaining quality assurance system

Who should attend?

All Healthcare Professional Educators (doctors, dentists, pharmacists, nurses and allied health professionals) and administrative staff who teach, develop and manage education programmes are welcome to attend.
