

PROGRAMME EVALUATION AND CURRICULUM QUALITY IMPROVEMENT

Course Description

Evaluating and enhancing both the programme and course quality will lead to better graduate outcomes. The focus of the course is to introduce different models of programme evaluation and their strengths as well as limitations. The course will also focus on identifying appropriate approaches which are contextually relevant to one's own education setting.

Workshop Objectives

At the end of the course, participants should be able to:

- Discuss the rationale for programme evaluation
- Discuss different contemporary models of programme evaluation
- Develop contextually relevant framework to one's own practice setting
- Discuss strengths, limitations and ways forward

Who should attend?

All Healthcare Professional Educators (doctors, dentists, pharmacists, nurses and allied health professionals) and administrative staff who teach, develop and manage education programmes are welcome to attend.
