

# TECHNOLOGY-ENHANCED LEARNING

## Course Description

Technology-Enhanced Learning is everywhere with the influx of new technology and has become an accepted educational tool and platform to support and augment teaching and learning in health professions education. It is important for educators to be aware of the common tools and the workshop will cover how educators can leverage on these tools in their teaching.

## Workshop Objectives

After this workshop participants will be able to:

- Introduce technology-enhanced learning tools such as use of videos, mobile, and learning management system
- Introduce technology-enhanced learning modality such as blended learning and flipped classroom.
- Discuss best practices in technology-enhanced learning

## Who should attend?

All Healthcare Professional Educators (doctors, dentists, pharmacists, nurses and allied health professionals) and administrative staff who teach, develop and manage education programmes are welcome to attend.
