

WORKPLACE-BASED ASSESSMENT (WPBA)

Course Description

Evaluating the trainee doctors and health professionals', clinical performance using objective, valid, reliable and impactful assessment tools is important to ensure patient safety. This course will explore current workplace-based assessment tools taking examples from best practices across the globe. Opportunities and challenges faced when implementing these types of assessments will also be explored.

Workshop Objectives

After this workshop participants will be able to:

- Discuss the underpinning educational theories behind workplace-based assessments (WBA)
- Evaluate & provide feedback to a trainee using WBAs
- Discuss the strengths and limitations of different WBAs
- Apply skills learnt to one's own practice environment

Who should attend?

All Healthcare Professional Educators (doctors, dentists, pharmacists, nurses and allied health professionals) and administrative staff who teach, develop and manage education programmes are welcome to attend.

Participants' Feedback:

"The sharing from both the facilitators and participants enable us to better learn about how others are using WPBA"

"I now have a better understanding on why WPBA is done and its importance"

6 June 2024, Thursday &
7 June 2024, Friday

9:00am – 5:00pm

National University of Singapore
MD1 Tahir Foundation Building
