

Block 2

Transformative Assessment Design to Support Learner Performance (Mentoring, Coaching and Supervision)

Course Description

This block equips educators to design effective assessment strategies that foster learner performance through mentoring, coaching, and supervision. Using a flipped classroom model, participants explore assessment principles, tools, and analytics through online learning and apply them in interactive face-to-face workshops. Key topics include feedback best practices, standard setting, and different types assessment (written and clinical), empowering educators to support learners' growth in health professions education.

Workshop Objectives

1. Design a system of assessment based on best evidence practices
2. Discuss contemporary assessment tools in HPE
3. Support learners through mentoring, supervision and coaching

Facilitators

Dujeepa Samarasekera
CenMED, NUS Yong Loo Lin School of Medicine

Lee Shuh Shing
CenMED, NUS Yong Loo Lin School of Medicine
