

FOCUSING ON WHAT MATTERS IN CLINICAL CARE:

An Introductory Workshop on Patient-Reported Outcome Measures (PROMs)

14 September 2026 | 9:00 am – 12:00 pm
**NUS Medicine+Science Library,
Training Room 2**
Registration fee: \$275, Pending CME

What will you learn?

- PROMs and their importance in clinical practice and patient-centred care
- The importance of evaluating PROMs and the key properties used to evaluate them
- Key considerations for implementing PROMs in health systems

Who should attend?

Clinicians, nurses, and other healthcare professionals interested in value-based care but are new/have limited experience with PROMs

Priority will be given to NUHS / NUS attendees.

Register now:

<https://for.sg/crihsp-promsworkshop2026>

Registration closes on **7 Sept 2026**.

For enquiries, please contact crihsp@nus.edu.sg

Enjoy a discounted registration rate of \$400 if you register for this workshop and “Focusing on What Matters in Clinical Care: A Hands-on Workshop on Selecting the Right Patient-Reported Outcome Measure (PROM)”!

FOCUSING ON WHAT MATTERS IN CLINICAL CARE:

A Hands-on Workshop on Selecting Patient-Reported Outcome Measures (PROMs)

14 September 2026 | 2:00 pm – 5:00 pm
NUS Medicine+Science Library, Training Room 2
Registration fee: \$275, Pending CME

What will you learn?

- Established frameworks for evaluating PROMS
- Concepts such as validity, reliability, responsiveness and interpretability and their importance in evaluating PROMS
- Apply these frameworks and concepts to real-world examples

Who should attend?

Clinicians, nurses, allied health professionals, and researchers who have a foundational understanding of PROMs and are looking to develop practical skills in selecting the right PROM for their clinical or research context

Priority will be given to NUHS / NUS attendees.
