

Dept of Medicine Biological and Chemical Spill Response Workshop at MD1L16

Date: 11 Nov 2024

Time: 9.00 am to 11.30 am

The aim was to offer refresher training for existing spill responders, instruct new responders, and give new lab staff a hands-on experience in understanding the biological and chemical spill response procedures. The participants valued the workshop because it allowed them to acquire practical experience through simulated spill scenarios, including the use of spill kit components. A feedback survey revealed that participants were highly satisfied with the workshop and found it extremely beneficial.
