Doctor of Nursing Practice (DNP)

Empower Your Nursing Leadership Journey

The Doctor of Nursing Practice (DNP) is designed for experienced nurses who are ready to lead change, shape health policies, and elevate healthcare delivery. Grounded in evidence-based knowledge, system-level leadership, and health innovation, the programme equips senior nurses with the strategic insights, systems leadership mindsets, and practical tools to influence decisions across clinical, organisational, and national settings. With training in Global and Sustainable Health, Financial and Resource Management, and Health Innovation and Transformation, the DNP develops nurse leaders who deliver value-based care, optimise healthcare systems, lead interdisciplinary teams and transform the future of healthcare.
