Dear reviewers,

The successful publication of The Asia Pacific Scholar (TAPS) is made possible with the collaboration from many reviewers. TAPS would like to express gratitude and thanks to an extraordinary group of reviewers who are awarded the Best Reviewer Awards for 2019. These reviewers have offered their time and effort in reading thoroughly, critically evaluating the various drafts of each manuscript and feedback with their expert opinions and constructive suggestions.

The following group of individuals will receive awards for their exemplary efforts which we greatly appreciate.

Thank you and congratulations!

With warm and personal regards,

Yours sincerely,
