

# DO YOU OR YOUR CHILD HAVE ECZEMA?

We are looking for volunteers to join the **Investigating Skin Predictors of Infection and Recurrence in Eczema (INSPIRE)** research study.

You or your child may be eligible if you/your child:

Are between **20-50** years old (adult group)

Are between **10-19** years old (adolescent group)

Have a history of eczema

\*Participants must not be pregnant at enrolment

## This research study involves:

**Up to 6 study visits within a year**  
(~ 1 hour per visit)

**Questionnaire**

**Skin Biosampling collection**

**Skin assessment**  
(Inclusive of Skin Prick Test)

\* The number of visits may be fewer depending on the study cohort you are enrolled to

There will be no extra cost to participants. You will be reimbursed for your time and transport.

Study visits will be conducted at **National University Hospital (NUH),  
5 Lower Kent Ridge Road, Singapore 119074**

To find out more, contact us at:

 **97824920 (9am-5pm)**
