

Important to note for application

1. Please send in your application for the course via the 'Apply' button if you are a **self-sponsored learner**.
2. If you are a **corporate-sponsored learner**, your organisation is required to create an account and confirm sponsorship of their staff. Your company (i.e your HR admin) will need to create an account on our [L3AP online application portal](#) for you to be able to submit your application as a corporate-sponsored learner. Please refer to this [detailed guide](#) for more information for corporate-sponsored applications. If you need further assistance, kindly reach out to the support team l3ap_course_query@nus.edu.sg.

For NUS-sponsored Staff only

As of 1st October 2024, kindly note that NUS staff who are sponsored by their department and wish to enrol in an NUS course will not receive any SSG subsidies and will have to pay the full course fees, as per SSG's policy.

If you wish to receive the 70-90% grant from SSG, please register as a self-sponsored learner. Kindly note that in this case, you will not be able to make any claims from NUS. You may instead use your STF (Skills Transformation Fund), if applicable, to cover the course fees. For more information on STF, please visit <https://stafflearning.nus.edu.sg/skills-transformation-fund/>
