

Supporting Learning at the Workplace

Develop Your Capabilities and Competencies of Your Students and Peers

OVERVIEW OF THE PROGRAMME

This course aims to provide an opportunity for practitioners to acquire knowledge and skills to guide learners in applying classroom knowledge to real-world situations. Practitioners are required to draw on theoretical knowledge and clinical experience gained through the course to conduct a clinical teaching session at the point of care.

- Discuss the characteristics, roles and responsibilities of an effective preceptor
- Apply the adult learning theory and clinical teaching skills to enhance clinical learning of learners
- Assess learners' performance and provide effective feedback to learners to improve their learning
- Conduct a clinical teaching session to learners using the clinical teaching moments

WHO SHOULD ATTEND

- Healthcare professionals such as nurses and allied health professionals who wish to provide clinical teaching and supervision to develop capabilities and competencies of students and professionals.

DURATION OF COURSE

- 2 Days
