

Dr Bhuvaneshwari Mohankumar

Head, Medical Affairs-Clinical Governance and Casemix, National University Hospital

Faculty Profile

Dr Bhuvana brings extensive experience in quality and patient safety to her roles, supported by a Master of Public Health from Newcastle University, Australia, a Postgraduate Diploma in Hospital Administration, and an MBBS from India. Her expertise shines in conducting Root Cause Analysis and Healthcare Failure Mode Effect Analysis, and in leading Quality Improvement training across various projects.

Recognized as a Master Change Leader and Improvement Advisor, Dr Bhuvana has demonstrated outstanding leadership and commitment to healthcare practices. Her significant contributions were acknowledged with the Singapore National Day Award – Commendation Medal in 2018 and the National Awards (COVID-19) – Commendation Award for her contribution during the pandemic response.

Dr Bhuvana also contributes to the academic field as a part-time lecturer at the NUS Yong Loo Lin School of Medicine, managing the Inter-Professional Education programme, demonstrating her commitment to educating the next generation of medical professionals.
